*We have lived and laughed together
through many changing years . . .*

Dedicated

Mr. Jack Gerard

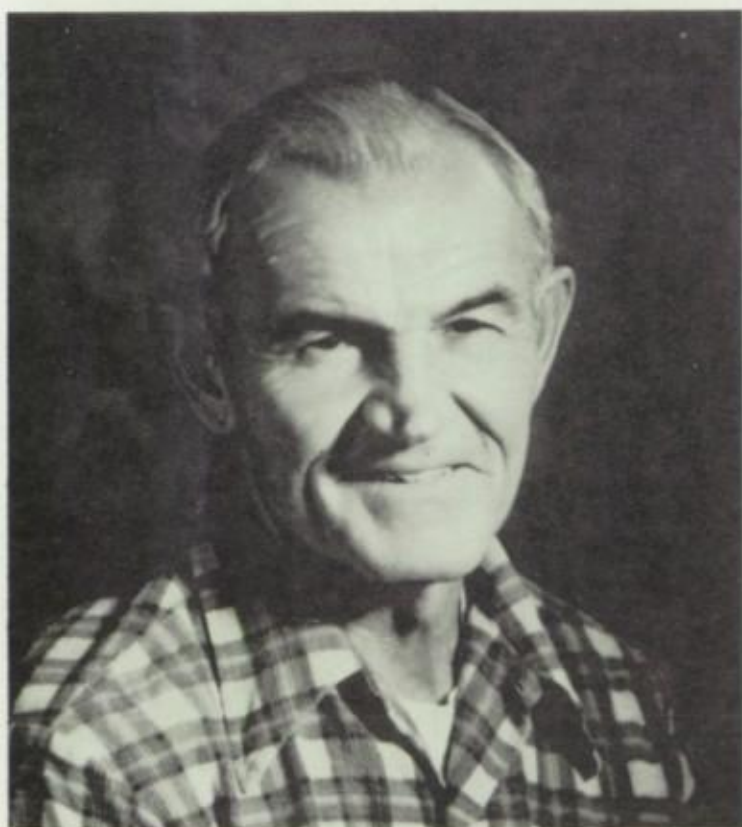

"Good heavens, chaps!"

To . . .

Mr. G, who has taught us for 25 years. The atmosphere that he creates causes students to become his friends. As a teacher he not only teaches, but he gives us the encouragement to take pride in all that we do.

. . . To

Mr. Robert McGowan,

Mr. Robert McGowan

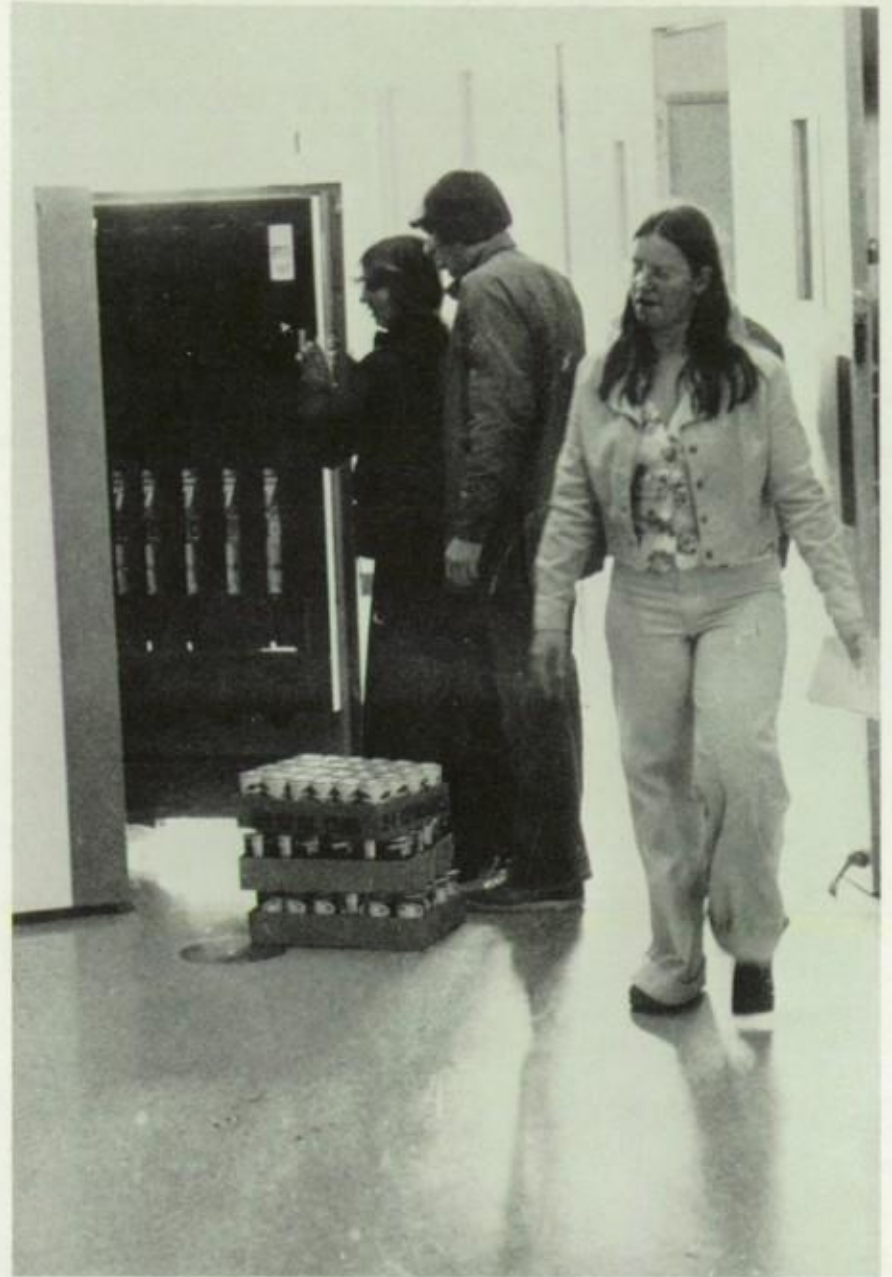

"Let me do it!"

who has served our school well in his quiet way for many years. He has given much of his time to making our campus something that we can be proud of. Thank you very much for your time and devotion that you have given in keeping our school clean.

Seniors

Four years. For some it has been too long. Others have felt it was days of good times, but everyone agrees it has been an experience. Our freshman year was a beginning, a chance to meet people, to grow as individuals. It was our time to enjoy the maturity shared only by our peers before us. Who can't remember looking up to seniors and wishing to have their nonchalant attitude? The spirit in activities was so new to us all. A summer of change passed in 1973. Then came sophomore days of being involved, getting our feet wet, a new year. We all felt that the newness had changed into belonging. In our junior year we had the opportunity to establish the traditions which we had waited to fulfill. We worked hard on our junior-senior prom. Responsibility was upon us; we had to earn money, and the Pepsi machine did most of the work. Sadness was also a part of our junior year, but the maturity that followed helped us all through our senior year. The class of '76 grew together; this closeness will never be lost. In our senior year we felt many things we never thought would come about, of old friends we would never see again. There will be a time to remember, but for now, let us work to achieve, dream, contemplate opportunities, and begin from this day.

The Memories of These Girls Shall
Laura Graves (1958-1975)

*A friendship that shall always be,
for the memories are inside of me.
The joy, the laughter, and the tears,
all of these memories are so dear.
We are together within my heart,
for with the love and the memories,
we shall never part.*

Never Fade. They Are Forever in Our Hearts.

Kathy DuBose (1958-1975)

*How can you see the true brightness of a star?
How can you feel the power of the sea?
How can you capture the peace of a forest?
How can you measure a friendship that used to be . . .*

*You can't and I shall never try,
just wonder and question why.
But the memories I hold so dear,
and the voices that I can almost hear
shall never leave nor bring us apart,
for together with love, they are here in my heart.*

Junior Class History

On the first day of school, early in September, we arrived eagerly to be juniors for the first time. We came in our own cars for the first time, and parked in the parking lot marked "JUNIORS 77," which we had painted during the summer.

Early in the year, our enthusiasm was greatly rewarded during Homecoming week with the spirit of the week award. We worked hard all week, sometimes until 11:30 at night on our float, getting our hallway ready, and getting clothes for dress up competition. It was all worth it because we proved ourselves the best!

We then concentrated our thought on ways to earn money to put on a prom. One project was the flea market held at Mt. Shasta armory in November. We had a big turn out. We sold everything you could name. We made a profit of almost \$50.00. This helped out our financial situation somewhat.

Our next idea was a candy sale. With a Junior Class such as ours we figured it would be easy to sell some \$900 worth of the candy, which we did. This put us ahead in our account, and we were set for the prom.

We set the date for the prom, May 1st. We tried to make it the best prom that had been held for a long time.

Then we began thinking about the elections of Student Body officers, which were held the first week in March, with our class ready to take over as leaders.

We are all looking forward to the summer and to beginning our last and best year in high school as MIGHTY SENIORS!

BROUGHTON DOES HIS THING!

The possibilities of the explosive run and crowd-pleasing scrambling highlighted the season after the two opening defeats by larger schools.

Then the league crown for SCL's Coach of the Year Harris's Cougars - and a second shot at the NSCIF Double A title with the defeat of Portola 6-3 in the semi-finals. But again a bridesmaid as Sutter took the finals 14-12.

Maybe in '76?

The jayvees took awhile to jell and get things together. The Hatchet went up north instead of staying where it should, and when the season finished, the little Cougars were in third place in SCL standings.

The high point of the year seemed to be survival as the list of walking wounded seemed to grow week by week.

#1 — CLASS B — STATE OF CALIFORNIA

The Year of the Dragon in China, but in Weed, it's the Year of the CAT!!! The season's finale for the Cougars was winning the Tournament of Champions and being ranked 2nd statewide for Class A schools.

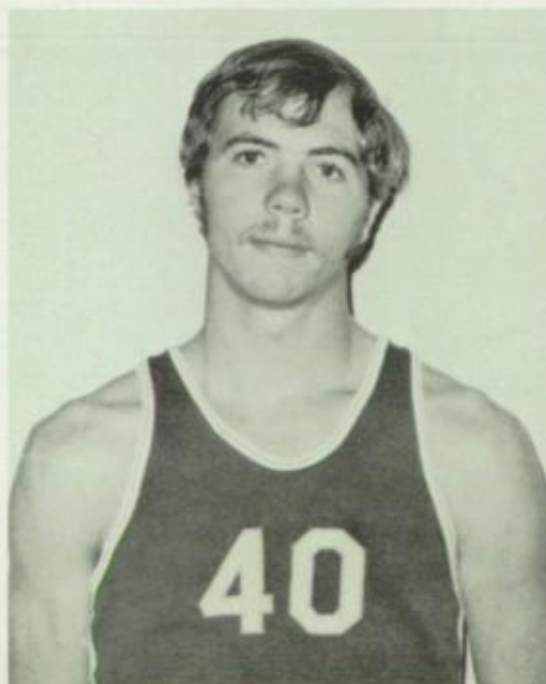

The SCL champs began their quest for the TOC crown by dumping Sutter 76-66 in the opener, taking Williams 83-64 in the semis, and then scorching Durham 79-55 to capture that big trophy.

Overall (no tournaments), Weed averaged 79.5 per game; opponents, 59.0. In SCL play, the Cougars averaged 82.3 as against 57.6.

Yeah, I'm a senior, so what about it?

So there's only two weeks left of school, and then I'm out in the big world. Can't wait until graduation night . . . it's gonna be great. I'll cruise up front, grab that diploma, say, "thanks buddy," and run. S'pose I don't know where I'm running to, though. Before, all I did was follow the rest of those darn rowdies. I knew I could always find someone at a game, a party, the bowling alley, or chowing down at the Frosty after school. But now it's gonna be different. We're all going to take off and try to make it on our own. Listen to this joke - letting graduation get to him after twelve years of being a hard guy. Oh, geez . . . Yeah, it's time to make the scene in class . . . guess I might even miss that when it's over. Check ya later, buddy!

Thanks, see ya, bye.

It's graduation and it's unbelievable that I'm here. They'll call my name in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the four years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.

REFLECTIONS OF FORT JONES

*Thoughts and actions,
Work and play,
Growth and understanding
Are only part of a
school year.
Yet, those nine months
Are worth a lifetime
of memories.*

Is more than time enough to find a world.”

Man is challenged today to excel in almost every endeavor . . . those who succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. Josten's has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition and Josten's products have become tangible symbols honoring perseverance and achievement.

The class ring is representative of the fine traditions of school spirit and unity. The yearbook provides a lasting memento of the year's accomplishments. The diploma is a lifelong record of scholastic success. The graduation announcement heralds this achievement. Awards recognize academic and athletic leadership.

Serving you locally,

Josten's

AS AMERICA CELEBRATES its 200th birthday, our company begins its second century of providing quality Long-Bell wood products for America's building needs.

In Weed, it began in 1904 when The Long-Bell Lumber Company bought a big share in Abner Weed's lumber operation. This was the company's first western venture and Weed has long been a key operation. Since Long-Bell's merger into International Paper Company in 1956, Weed Operations have been considerably modernized.

During the long history of Weed logging and manufacturing, a continuous flow of fine wood products has helped build America. Today, Long-Bell ponderosa and sugar pine lumber, doors and other items are shipped into nearly every state in the union.

So as we start our 101st year, Weed, the beginnings of our company in the west, continues to be an important part of our wood products operations.
